Howeburn Suffolks were established with females from Crosemanor, Stockton, Muiresk, Glenisla and Cairness flocks. Since then, we've added select females and always tried to use rams we considered to be good examples of the breed with good legs, skin and flesh.

We are very excited by this year's new purchase, Middlemuir Masterplan, who was purchased jointly for 6,200gns at the Scottish Area Branch Show and Sale in July 2024 with the Capielaw and Islay flocks.

Many Thanks to James and the Suffolk Supremes Team for the invite to sell at the sale.

All females forward are presented in as near natural condition condition as possible, NOT been force fed or overdone and produced to produce and mother lambs!

Our entries were scanned on 4th October, brought in from main group of ewe on 20th October, fully grass fed and only given some modest amounts of concentrates to bring on some bloom but most importantly support their dietary requirements whilst carrying lambs.

All ewes on Heptovac, Toxvax, Enzovax and Footvax systems.
